PLATINUM SECURITY PACKAGE

The Montchanin

Scope of Work:

Delco Alarm Systems will provide and install the DSC alarm system into the customer's home. The system will provide the Alula Connect+ alarm, video, & home automation app for the customer to remotely control the alarm (arm/disarm), home automation devices, receive text notifications, and also view live & recorded video. The system will have one full message keypad, two sirens, four door sensors, one motion detector, two smoke detectors, one carbon monoxide detector, an HD doorbell camera, one automated deadbolt, one automated thermostat, and one automated lamp module. The alarm system will be programmed and tested completely. The customer will receive a thorough demonstration, to their satisfaction, on how to operate the system & the Alula Connect+ alarm/video/automation app.

Note: Customer can add anything listed under "Additional Options" to this package.

Package Includes:

- (1) - 32-Zone DSC Alarm Control Panel
- (2) - Siren
- (1) - Full Message LCD Keypad
- (1) - Pet Friendly Motion Detector
